- 8 physical cores, 2.0 GHz or higher CPU
- o 64-bit processor
- o 32 GB system memory
- o 50 GB minimum free disk space
- Multi-node and Enterprise deployments
- o Contact Tableau for sizing and technical guidance

Tableau for Teaching - Student License

Hi Süleyman Eken,

Thank you for your interest in the Tableau for Teaching program. Below is a website (landing page link) for your upcoming class. Each student should go to the landing page to download Tableau Desktop and Prep, then enter the product key noted below to activate each application. This key will allow your entire class to activate Tableau Desktop and Prep for the duration of the course.

Please forward these instructions to your students:

- 1. Download Tableau Desktop and Tableau Prep here
- 2. Select each product download link to get started. When prompted, enter your school email address for Business E-mail and enter the name of your school for Organization.
- 3. Activate with your product key: TCOC-DF50-A7D0-DC6E-E418

Are your students new to Tableau? Share our free <u>Data Analytics for University Students guide</u> to help them get started.

Students can continue using Tableau after the class is over by individually requesting their own one-year license through the <u>Tableau for Students program</u>.

Need additional help? Check out the <u>FAQs</u>.

Best,
